Code 2271
\$150 (\$175 Canada)

For a younger, healthier-looking complexion!

Gymnema Extracts

Garcinia Extracts

Chinese fan-palm Extracts

Casuarina (She-oak) Extracts

Usage Guide:

Apply morning & night, as the last step of your skincare regimen. Dispense 2-3 pumps into palm and smooth gently over the face in an upward motion, concentrating on areas of concern.

Step 1) apply a thin layer from the center of the face to outside, in a circular motion, 1-2 strokes per area

Step 2) gently press under the chin at the center and draw semi-circle up towards your ears, 2-3 times

Step 3) using pads of fingers, lightly pat over the entire face to gently stimulate the skin, about 10 strokes

Step 4) after applying on the neck, using back of your hands, gently tap under the chin, about 5 times on each side
